Expectations Each Quarter

DESCRIPTION of Lesson Components

Introduction

Engage & Excite the Learner

College & Career Ready Standards

Digital Content aligned with IN CCRA Standards Original Template designed by Rachel Porter

Begin the lesson with a "hook" to new learning that helps students understand the focus of the lesson and/or connect new content to known content.

Instruction

Prepare the Learner to Create

College & Career Ready Standards

Digital Content aligned with IN CCRA Standards Original Template designed by Rachel Porter

Include text, images, videos, links and/or directions for activities that will provide instruction on the material the students are to learn. Following the Guided Release Model, **this section would include things that are teacher directed such as direct instruction and teacher led activities.**

Activities

Engage in Creation

College & Career Ready Standards

Digital Content aligned with IN CCRA Standards Original Template designed by Rachel Porter

Include at least one of the following types:

- Student-Student Interaction (Collaborative projects, discussions, etc.)
- Student-Teacher Interaction (Quality feedback)
- Student-Content Interaction (Engaging content and resources with which students must interact, not just read or watch.)

This section should be more student-focused, gradually releasing independence to students.

Assessment

Evaluate the Learner

College & Career Ready Standards

Digital Content aligned with IN CCRA Standards Original Template designed by Rachel Porter

Include text, images, videos, links, files or directions for formative and/or summative assessments to gauge student learning and drive further instruction.

Extension

Engage in Creation
